- 2 The geopolitics
- 3 The culture
- 4 Our mission to support
- 5 Educating our children

BACKGROUND OF THE CHARITY

'The pearl of Africa'

Since 2015 when we became a registered charity, we've been supporting the holistic development of the village of Kihembe, in Kanungu District, Uganda. Made up of people from Uganda & the UK, The Zuri Project seeks to address social inequality and provide opportunities to people in a number of ways

We develop partnerships in Uganda in order to collaborate. Our main partner, Opportunity Africa, is a grassroots NGO based in Kihembe and is at the centre of everything we do.

We deliver projects that provide opportunities to the people of Kihembe. Our biggest project has been the construction of Kihembe Community Vocational Secondary School, a medical centre and the upkeep of the primary school with agricultural support weaved throughout.

None of our work would be possible without the dedication and passion of our team in Uganda and the UK and we're so proud of the outcomes we've achieved together.

THE GEOPOLITICS

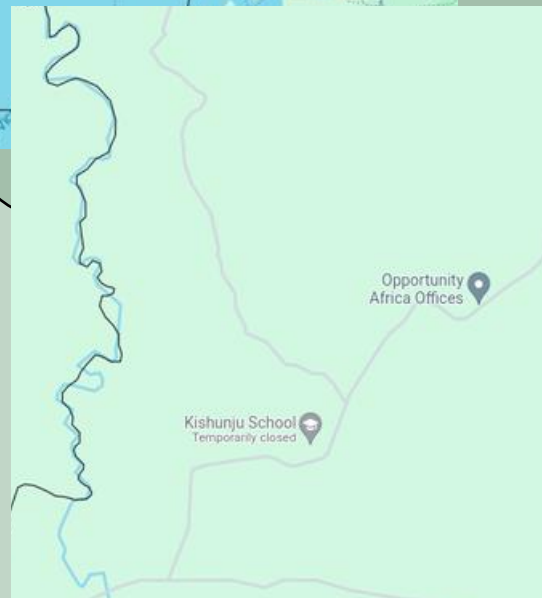

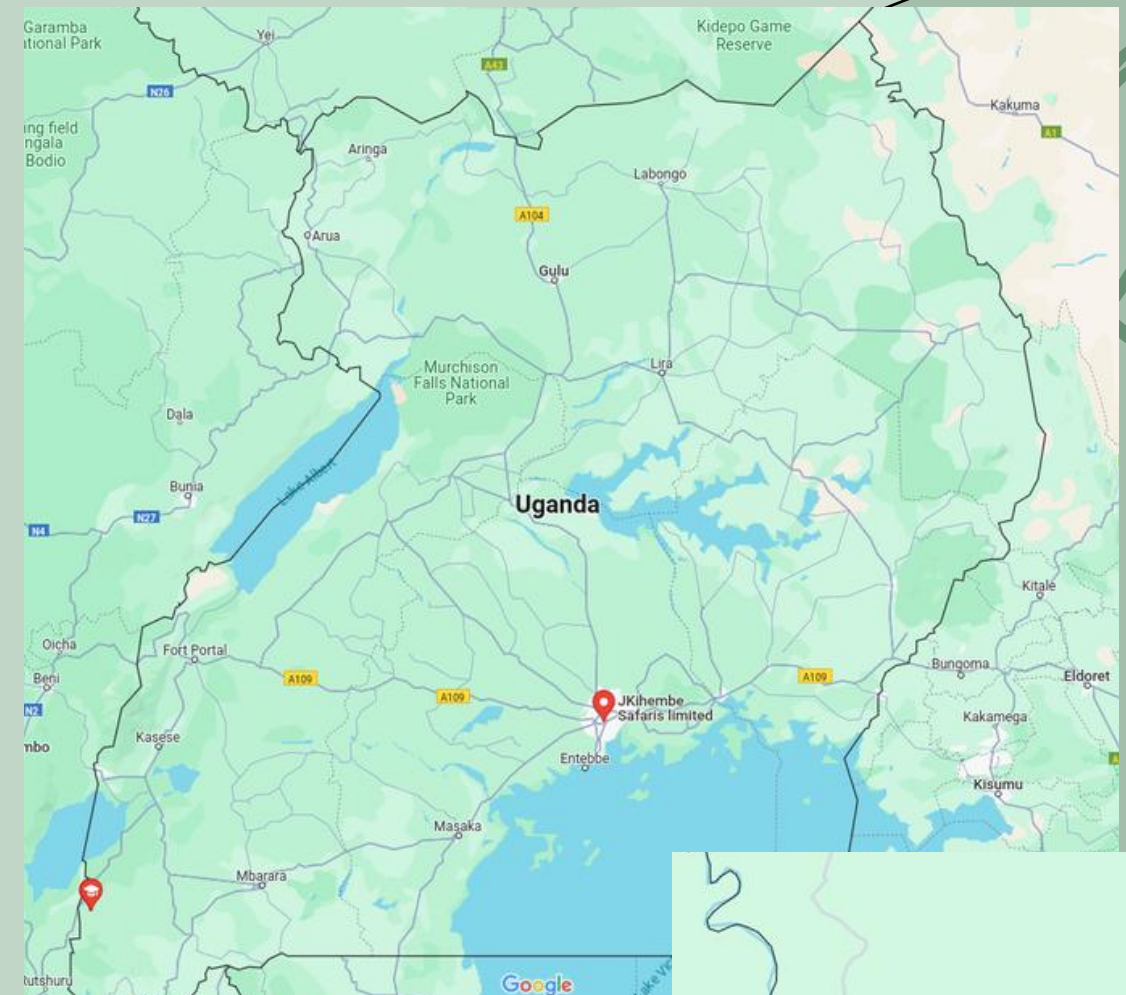

* Located South West on the border of Congo and Rwanda.

* Corruption within the government and overseas NGOs

* The local town is a 2 hour drive and so living off what they have is essential.

* The relationship within the community.

* Herbert

THE CULTURE

* Christian Values

* Family and community

* Use what God
has given us.

* School Vision

* Education provides
opportunities to
succeed

* Joy
,

OUR MISSION

**TO EDUCATE
OUR CHILDREN
ABOUT THE
WORLD.**

Our mission is to educate our children about a different culture whom share the same values and faith as us but live in a different way and even look different to ourselves.

This is a chance for the children to see people from Africa in a different light to how they can be perceived by the media.

EDUCATING OUR CHILDREN

Each week we would like you to go through a short PowerPoint highlighting similarities and difference between our lives and theirs.

Any questions asked please can you record these and they will be passed onto the children of Kishunju Primary.

At the end of the half term we will be doing a fundraiser to support the school. I would like to ask the year 6's and school council to write a letter of their fundraising idea and what they would like to donate their money towards. This will then be sent to the community to be checked and agreed upon.

Weekly session
